# BODEGAS AESSIR BOBAL

## SENSORY ANALYSIS:

Bright red cherry color, very clean, with medium to high intensity.

Very expressive in nose, with well-marked ripe fruit typical of the variety where red and black fruits are highlighted, combining spicy hints from the barrel. Showing great complexity.

Alive, round, fleshy and balsamic in mouth with sweet tannins showing a strong and persistent character. Well balanced acidity.

Sweet final with noble sensation that produces a feeling of great harmony. Persistent.

In perfect coherence, confirming in the retro-olfaction phase of spicy nuances and ripe fruit.
